Grethe X Grethe

GRETHE: A shortened Nordic version of the name „Margaret“,
meaning „pearl“.

-

One woman named Grethe is a queen with gemstones and the names of her enemies in her crown, a woman with the heart of an entire pack of lions, elegant, bold and a rare diamond among stones - a pearl anyone would be proud to have in their circle.

In the immortal words of Coco Chanel: „a woman needs ropes and ropes of pearls.“

HAPPY BIRTHDAY Scorpio

23 OCTOBER - 21 NOVEMBER

YOUR OVERALL PERSPECTIVE ON LIFE HAS BEEN EXPANDING, AND YOU ARE MORE WILLING TO EMBRACE UNUSUAL, MYSTICAL, OR SPIRITUAL PHILOSOPHIES. CHANGES IN THE WAY YOU RELATE TO OTHERS ARE AFOOT. POWER STRUGGLES ARE POSSIBLE IN CLOSE PERSONAL RELATIONSHIPS. YOUR RELATIONSHIPS TEND TO HAVE DISTINCT THEMES REVOLVING AROUND PERSONAL POWER, DOMINATION, JEALOUSY, MANIPULATION, OR SELF-WILL. IT IS A WONDERFUL TIME FOR PRACTICING ANYTHING THEATRICAL AND TO EXPLORE YOUR EMOTIONS. THE THING TO WATCH IS THE TENDENCY TO JUMP AHEAD WITH DECISIONS MADE FROM THE HEAD BEFORE YOUR HEART HAS HAD THE CHANCE TO ENGAGE.

FAVORABLE DATES : OCT 1, 5, 10, 14, 19, 23
FAVORABLE COLORS : RED & YELLOW

Aries (21 March - 19 April)

Your sights are set high but several circumstances help to bring you back down to earth. You can successfully combine practical matters and more fanciful ones this month. With focus, you can make enormous progress in your work. As the month goes on, you'll likely have more energy and drive for your hobbies and just having more of a good time, wanting to get out more with people. Learning about the world around you through the eyes of a special person—or through other one-to-one relationships, would be a pleasing theme.

Favorable Dates : Oct 3, 8, 12, 17, 21, 26
Favorable Colors : Blue & Green

Taurus (20 April - 20 May)

This is a period when you are more likely to establish or solidify a significant partnership. You can negotiate more successfully than ever, and, if applicable, win in legal matters. Financial benefits could possibly come through partnerships. You could feel an unusual pressure to structure your time and effort, and to cut out communication that seems unnecessary. Your personality and manner is appealingly mysterious and soft—others sense your increased compassion. You may at times feel rather overwhelmed by such things as errands, red tape, and other such day-to-day “disruptions”.

Favorable Dates : Oct 4, 9, 13, 18, 22, 27
Favorable Colors : Red & Yellow

Gemini**(21 May – 20 June)**

Your taste for freedom and independence is strongly stimulated. You are not in any mood to take orders, which could get you into trouble with others, particularly authority figures and parents. It's time to take a break from the routine, the predictable, and the humdrum—but how you go about doing so is the key. If you're in love and willing to commit, there will be a slowdown or a delay, which will prove very annoying. You need to defend your position assertively at times. But maintain caution not to damage the delicate bonds that exist in relationships.

Favorable Dates : Oct 2, 8, 11, 17, 20, 26
Favorable Colors : Blue & White

Cancer**(21 June – 22 July)**

You may feel pressure to produce ideas, and to make them work. A certain somberness in your outlook may be characteristic of this phase, as it may be a time of worry. It could seem like acquaintances and sometimes siblings are blocking your growth in some manner, and these relationships may be strained as a result. If already married, or in a committed relationship, this will be a tricky phase for you. There may be disagreements with your marital or business partner, particularly regarding your home and household.

Favorable Dates : Oct 3, 9, 12, 18, 21, 27
Favorable Colors : Blue & Yellow

Leo**(23 July – 22 August)**

You would be able to achieve your goal in the professional field without much effort. This month, partnerships come to the fore, and your career is stimulated in exciting and/or unusual ways. This is a time of increased freedom needs, yet it's also a time when you could enter into a close, long-term relationship or significantly enhance an existing one. Relationships and partnerships benefit from expansive, warm energy, or successful new ones are entered into this month. You need to keep your eyes open for opportunities in these areas of life.

Favorable Dates : Oct 3, 4, 12, 13, 21, 22
Favorable Colors : Red & Yellow

Virgo**(23 August – 22 September)**

You are likely to see benefits in the areas of work and health, as well as daily routines. Your ability to handle the details required to do a good job is enhanced, and others become more aware of your skills. Benefits may come through co-workers or employees during this cycle. You may want to try new things and explore in a less serious, more curious way. The period, possibly brings some more lightness to you, and could make you look and feel good. Keep your balance in all aspects of life.

Favorable Dates : Oct 7, 8, 16, 17, 25, 26
Favorable Colors : Blue & Yellow

Libra**(23 September – 22 October)**

You are likely to have new or increased responsibilities this month, and it might take some time to get adjusted to them. Your ego may be a little frail at this point, and, as a result, you may be harder on yourself than you need be. You are receiving a cosmic push to become more active in your immediate environment and to learn and communicate facts that fuel your opinions. But you are also learning to expand your horizons, either through contact with people from an entirely different background than yours, travel, or higher learning.

Favorable Dates : Oct 2, 3, 11, 12, 20, 21
Favorable Colors : Grey & Yellow

Sagittarius**(22 November -21 December)**

You are taking more pleasure and interest in your relationship, and your more worldly affairs are not quite as interesting to you as a result. The lines of communication open up between you and a special someone. Sharing daily events and goings-on with one another gives you much pleasure. Your greatest asset would be socialising nature that would help other's thoughts and ideals to coincide with yours. Trust in your instincts and this would be the best time to excel in your field. This period helps you to tick on a positive note,

Favorable Dates : Oct 6, 7, 15, 16, 24, 25
Favorable Colors : Red & Green

Capricorn**(22 December – 19 January)**

Life is steadier than usual, and others can more readily rely upon you. You might find that you tend to focus on your most cherished relationships, strengthening them. Those in authority tend to look upon you kindly and respectfully. Bouncing ideas off a special person in your life will produce great benefits. For those single ones out there, time is ripe to locate your ideal other half. While you're moving forward in many ways, you need a little more time to process things and understand your needs better before throwing yourself into a relationship.

Favorable Dates : Oct 5, 9, 14, 18, 23, 27
Favorable Colors : Blue & Grey

Aquarius**(20 January – 18 February)**

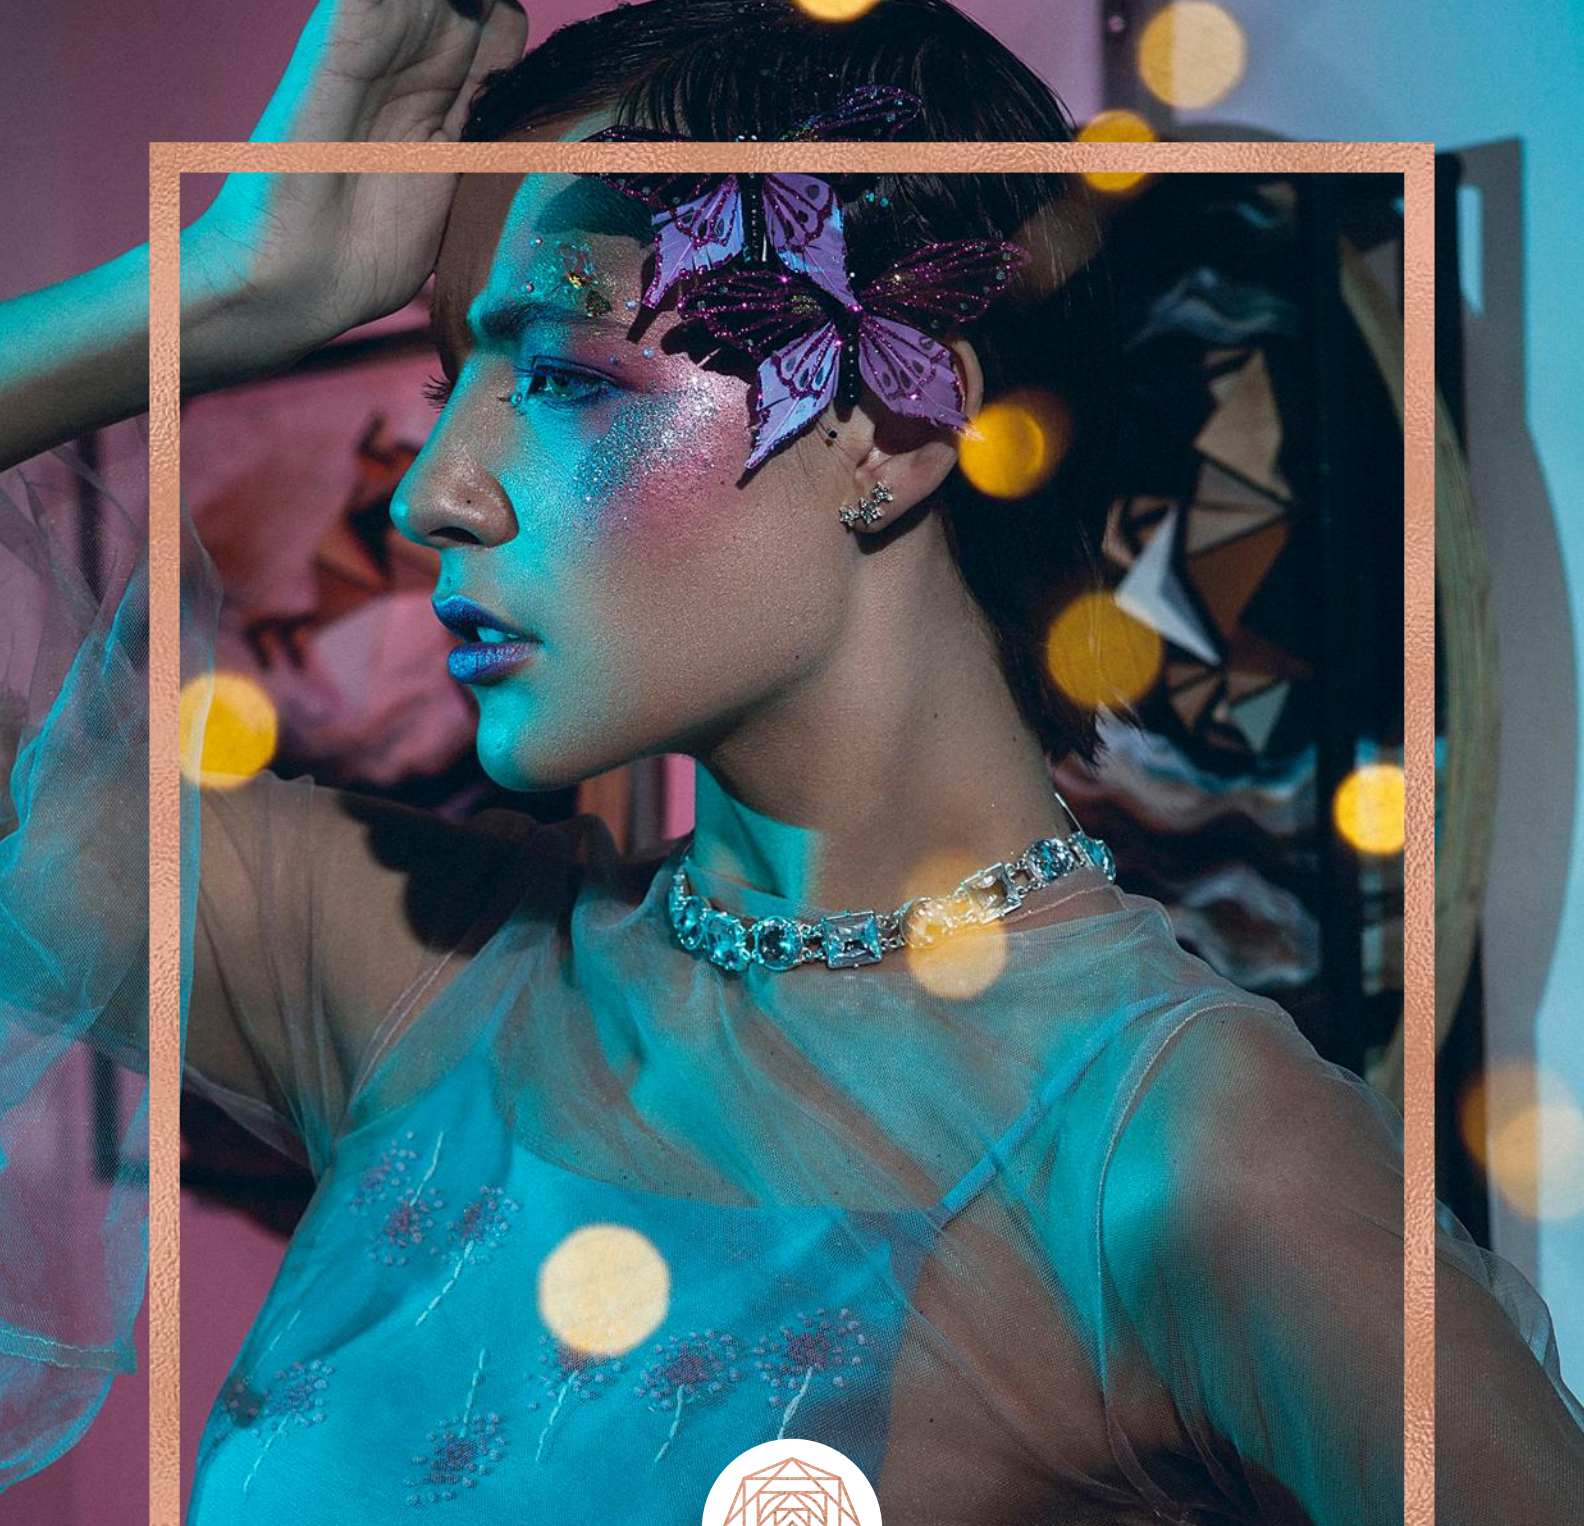

You may get a new job or pursue new business during this cycle. Work tends to be very available to you. You will take pride in, and recognize, your usefulness—this is bound to give you a great deal of joy, and you are likely to be rewarded as a result. The pace of your life is fast, and you are likely to feel quite inspired! Your decision-making, however, could be too impulsive at times. It's also a time when old friends could resurface and some emotional distancing in romantic relationships could occur.

Favorable Dates : Oct 8, 9, 17, 18, 26, 27
Favorable Colors : Red & White

Pisces**(19 February – 20 March)**

This is a time of letting go of old conditioning—habits that have previously limited you or made you feel confined. Exciting opportunities may arise. You may also discover talents that you never knew you had, and this could propel you into making a career change. There may be a challenge between performing mundane tasks and your quest for something higher, something more adventurous. If you are able to focus this month, the chances of material success are much greater. You are bound more by family ties than ever
